Recruitemet

Minigolf renovation

We renovated the mini golf courses, updating the games and reducing the concrete and introducing more white color . giving them a new look,

New artificial grass at the stadium

We replaced the natural grass with new -generation synthetic turf, achieving considerable savings in water consumption. In addition, the lines on the track have been repainted .

New nets and football pitch in the stadium

New football nets behind the goals for 11 and 7 -a-side goals. Also a 10x15m pitch with transparent fencing and an octo pitch for young children. Studying solar lighting.

Pickleball courts

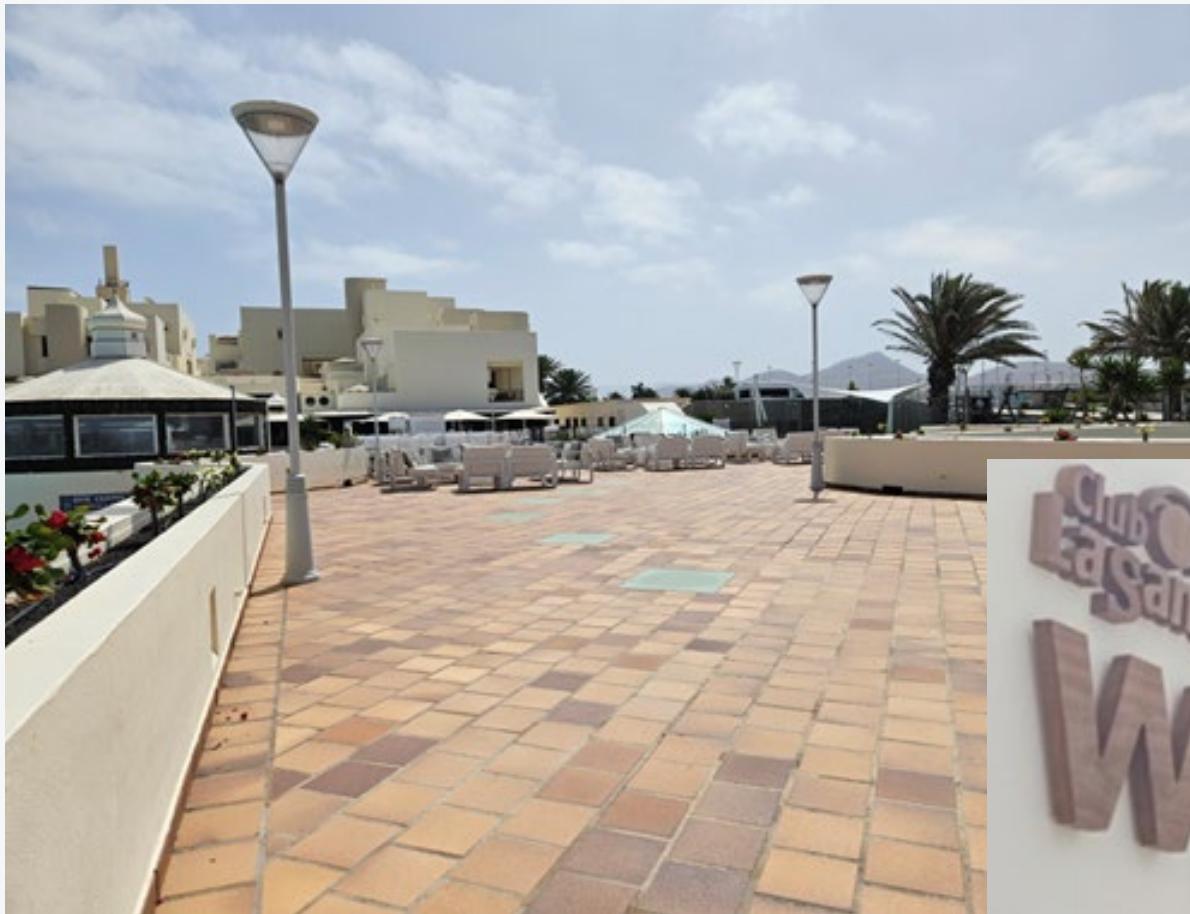

Permanent area dedicated to pickleball with a new surface and clearly marked courts.
New and innovative Cooltop with up to 30 % lower temperature.

Projects for 2025 - 2026

Renovation of the roof and engine room of the Wellness Center

New surface South Conference Center

EPDM surface similar to Volcano and Laguna on the top of the South Conference Center. This area will be used for Silent Fit classes and yoga/meditation. Before November 1, 2025

New parasols, grass and bunker extension on the golf course

Parasols in the golf area, new grass and a larger bunker to accommodate more guests in classes. Lights will be installed so that the area can be used at night. January 2026

New exterior saunas and plungepools

Outdoor saunas and 3 plungepools . Dec 2025

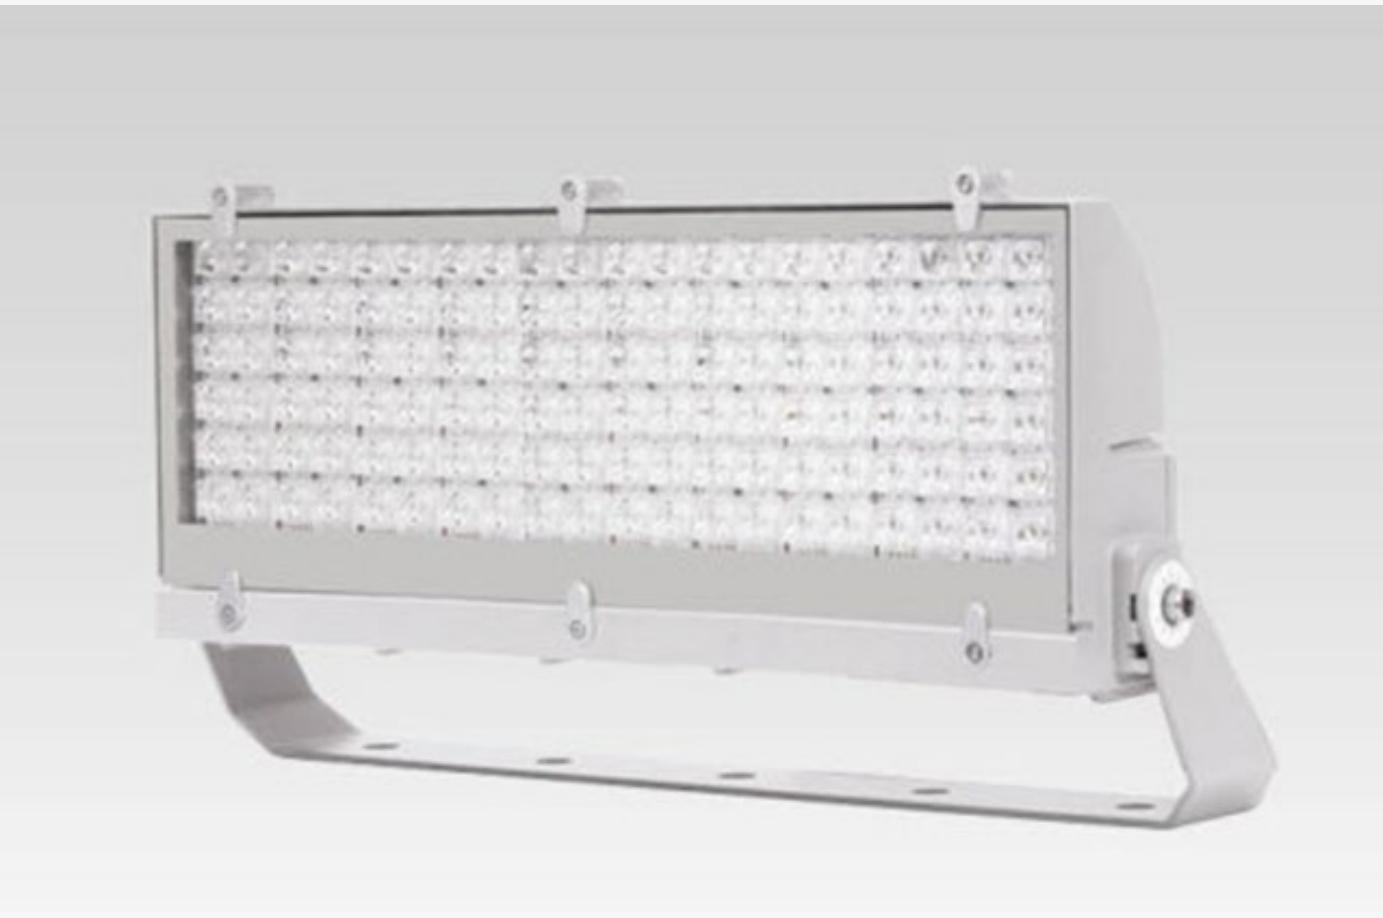

New grass on padel courts and fixing rust

Renovation of the grass on the padel courts and solution to the corrosion of the individual courts. 2026

New LED lighting on the outdoor courts and south halls
